RE: Annual Accreditation Audit Report
ASCLD/LAB Certificate # 324

Mr. Gibbens:

ASCLD/LAB has completed a review of the Annual Accreditation Audit Report for the Austin Police Department - Forensic Science Services received on July 11, 2007 (covering August 3, 2006 to the laboratory's anniversary date of August 3, 2007). At this time, we have determined no need for any follow-up communications regarding your laboratory's continuing compliance with accreditation standards.

The Annual Accreditation Audit Report is one form utilized by ASCLD/LAB for the purpose of on-going compliance monitoring. We appreciate the timely submission of the required report and look forward to working with you in the future on any matters related to the accredited status of the Austin Police Department - Forensic Science Services.

Sincerely,

Michael L. Creasy
ASCLD/LAB Quality Manager
